PUBLIC DENOUNCEMENT

THREATS AGAINST TRADE UNION LEADERS, THE COMMITTEE FOR THE NATIONAL STRIKE AND SOCIAL ORGANIZATIONS

The Colombian Workers Federation (La Confederación de Trabajadores de Colombia) CTC, rejects and repudiates all manner of threats to our trade union leaders, members of the National Strike Committee and social leaders in the intimidating pamphlet of the Black Eagles, an act of vandalism that took place today, February 5th 2020, designed to intimidate them into stopping their fight in defense of workers' rights.

The CTC publicly denounces this cowardly act against the lives of our fellow workers, and we stand in solidarity with Diogenes Orjuela - President of the Unitary Workers' Central - CUT.

We demand that the National Government and the appropriate authorities investigate and determine the origin of the threats and ensure that the lives of each of our fellow workers listed in the pamphlet are protected.

We call for national and international solidarity.

Fraternally,

LUIS MIGUEL MORANTES ALFONSO
Presidente
