The Solidarity Center is the largest U.S.-based international worker rights organization helping workers attain safe and healthy workplaces, family-supporting wages, dignity on the job and greater equity at work and in their community. The Solidarity Center provides a wide range of education, training, research, legal support and other resources to help build strong and effective trade unions and more just and equitable societies. Our programs—in some 60 countries—focus on human and worker rights, union skills, occupational safety and health, economic literacy, human trafficking, women’s empowerment, and bolstering workers in an increasingly informal economy.
